Cycle Route Title	Brockham to Dorking (via Coach Road)
Ref. No: D2	Date prepared: April 2021
Contact Details:	Roger Troughton

Map showing location

Brief Description

Route already exists, but needs a number of improvements including:

upgrading to an all-weather surface: the surface between Brockham and the fishing lake is potholed due to vehicular traffic, and the next section (heading west) is very muddy after wet weather (quite possibly a reasonable surface underneath);

better signing – eg. at the junction with the A25 there are no signs to direct you onto the shared route alongside the A25, maintenance;

safety improvements by the Tesco-Express entrance (existing signage is of limited use, active measures need to be taken to prevent vehicles blocking the route and intimidating pedestrians and cyclists);

extending the route in towards Dorking centre (currently the route only heads north towards the railway stations and Ashcombe School).

Users (eg. Schoolchildren, Commuting, Shopping, Leisure)

Schoolchildren (originally established as a Safe Route to School),
Commuters heading to/from railway stations,
Shoppers accessing Dorking Town Centre,
Leisure (various, much used by children as away from traffic)

Dependencies (eg. on other segments of infrastructure)

Known Issues

See description.
